Safe as houses with Kidde

Posted by: Sarah OBeirne In Fire & Security MIFM, Month in FM 17 days ago 66 Views

Kidde customer Place Group UK is one of the first private landlords to be awarded the respected DASH Landlord Accreditation in Lincoln. All Place Group properties are protected by hard-wired Kidde smoke, heat and CO alarms with back-up power.

Place Group has refurbished period houses in Lincoln offering a range of safe, secure studio-style bedrooms, many with their own showers and kitchens, together with communal kitchens and laundry rooms. Kidde's Firex range has been installed and every studio bedroom now has its own smoke and heat alarm. All kitchens and food preparation areas also have heat alarms, linked to those in each bedroom. In addition, Firex smoke alarms protect escape routes and boiler rooms and Kidde's hard-wired CO alarms are installed on each floor.

Place Group CEO Rob Hunter commented: "We chose Kidde because there is no second chance to get it right with refurbishment. We wanted to avoid any costly mistakes that could occur if we specified a less established brand and had to make changes later."
